Skills and Qualities

Joey Toogood is a Multidisciplinary Artist and Photographer based in New Malden, London, graduating with a BA in Fine Art from the University for the Creative Arts, Farnham, in 2022. Toogood joined Wimbledon Art Studios in September 2024. Toogood uses a combination of processes, mediums and materials to cast a light on things unseen; taking inspiration from political, personal and social issues, Toogood documents her background as a working-class, queer woman artist through bold statements using newspaper clippings, self portrait photography and body prints. From her experiences as an exhibiting artist, Toogood has developed strong, demonstrable skills in networking, team working, project and event management and public speaking; through professional experiences as an independent artist and a creative assistant, Toogood has learnt the transferable skills of time-keeping and problem solving. Toogood demonstrates strong levels of verbal and written communication.
